SOUTH CAROLINA

SilproRapid™

QPL List 22 Rapid Patch Material for Concrete Pavement

SilproRepair™ VOH

No QPL / approved at the project level

NORTH CAROLINA

SilproRapid™

APL NP20-8732 Concrete and Concrete Patching Materials

SilproRepair™ VOH

APL NP20-8719 Concrete and Concrete Patching Materials

VIRGINIA

SilproRapid™ Extended

Approved List No.31 Prepackaged Concrete Repair Materials (Type A5)

SilproRepair™ VOH

Approved List No.31 Prepackaged Concrete Repair Materials (Type A5)

TENNESSEE

SilproRapid™ Extended

QPL 43.001 Closure Pour Material

SilproRepair™ VOH

QPL 13.009 Polymer Modified Structural Patch Vertical and Overhead

GEORGIA

SilproRapid™

QPL-27 Rapid Setting Patching Material

SilproRepair™ VOH

QPL-27 Rapid Setting Patching Material

50 lb

\$

PERFORMANCE CHARACTERISTICS

- Structural Full-Depth Repair Mortar
- Low Permeability (Extended)
- Fast-Setting
- Cement-Based
- One Component
- Non-Shrink
- Open to vehicle traffic in as little as 1 hour (at 73°F)
- No added chlorides

50 lb

\$

PERFORMANCE CHARACTERISTICS

- Structural Vertical and Overhead Application
- Freeze/Thaw Resistant
- Corrosion Inhibitor
- Low Permeability
- One-Component
- Fiber Reinforced
- Up to 4" Per Lift
- Rapid-Setting
